- ELECTRIC / 0,2 – 1,3 M/MIN

FORWARD (PULL)

SURFACE:
STEEL / CONCRETE / STONE / ASPHALT

USER FRIENDLY

Blastrac shot blasters create minimum vibrations and are easy to move around and can turn at a 360° angle.

STRONG FABRICATION

Blastrac shot blasters are most of the time transported from job site to job site. Our shot blasters are heavy duty and strongly fabricated to create minimum downtime.

CLOSED CIRCUIT

Every Blastrac shot blaster should be connected to a Blastrac industrial dust collector. This means that you are able to work dust free, creating a safe working environment.

STEEL ABRASIVES

Depending on the type of surface you want to blast and the result you want to leave behind you can choose different types of abrasives, all are available at Blastrac.

AVAILABLE IN SEVERAL SIZES

Depending on the type of projects you are working on, you want to use a shot blaster that is most cost effective in the long term. Ask us for advice!

GREEN TECHNOLOGY

Our shot blasters, like any other Blastrac machine, do not use any chemicals or waste valuable drinking water.
